

Community Infrastructure Levy - Draft Charging Schedule

Representations Form

Please return your form or separate written comments by 5pm on the 12th March 2014 to:

CIL Consultation, Strategic Planning and Regeneration, Dacorum Borough Council, Civic Centre, Marlowes, HEMEL HEMPSTEAD, Hertfordshire, HP1 1HH or cil@dacorum.gov.uk

PART A - PERSONAL DETAILS
Title: MQ
Forename: MATTHEW
Surname: WILSON
Organisation (if applicable): Hertsmere Baraugh Council.
Address: Civic Office, Elstree Way
Town: Berehamwood
County: Hevts
Postcode: WD6 1WA
Email: Matthew. Wilson @ hertsmere. gov. UK
Please tick this box if you are happy to be contacted by email rather than by post
Question 1 – Did you provide the Council with representations upon its Preliminary Draft Charging Schedule?
Yes V
No
Please note that your comments and personal details will be available for public inspection (apart from telephone and email addresses) and therefore cannot be treated as confidential. Your name and address must be completed for your representation(s) to be considered. If you have any queries, please contact Strategic Planning & Regeneration on 01442 228660.

PART B'- YOUR REPRESENTATIONS

The purpose of the examination will be to establish that:

- The Charging Authority has complied with the requirements set out in Part 11 of the Planning Act 2008 and the Community Infrastructure Levy Regulations 2010 (as amended),
- The Charging Authority's Draft Charging Schedule is supported by background documents containing appropriate available evidence,

- The proposed rate or rates are informed by evidence and strike an appropriate balance between the need to fund infrastructure and the evidence on economic viability across the Charging Authority's area; and
- Evidence has been provided that shows that the proposed rate (or rates) would not threaten the delivery of the relevant Plan (Core Strategy) as a whole.

Representations must relate to these matters and the following questions are designed to enable comments to be made on these issues. Other matters may be outside the scope of the examination and will be subject to the Inspectors judgement as to their relevance. All representations will be considered by the Examiner as written representations.

The Council has established through its infrastructure planning work and the publication of its Infrastructure Delivery Plan (InDP) that there are a number of infrastructure projects that are required to support and sustain the level of growth identified in the Core Strategy. Although there are a number of sources of funding for these projects there would be an infrastructure funding gap amounting to some £65.46 million as set out in the Infrastructure Funding Gap Assessment Update – January 2014 (IFGA) In order to meet this funding gap the Council is proposing to charge a CIL.

The proposed rates are informed by a series of viability reports prepared by BNP Paribas Real Estate. The main report was published in December 2012 in advance of our consultation on the Preliminary Draft Charging Schedule (PDCS). The appraisals within this document were updated to reflect the comments received in response to the PDCS consultation and an updated report was published in July 2013. The Council revised its rates for retirement housing and retail development having considered the new viability evidence and having regard to the recommendations to Cabinet on the 23rd July 2013. A number of key sites and locations identified for housing and other land uses were also tested following the publication of the Department for Communities and Local Government CIL Guidance 2013 and the results of these appraisals are incorporated into a separate viability report dated October 2013. All of the viability reports prepared for the Council are available on the CIL section of the Council's website.

The Council is of the view that the delivery of key items of infrastructure, upon land at West Hemel Hempstead identified as LA3 within the Core Strategy and land known as Spencer's Park to the east of Hemel Hempstead, would be more effectively delivered were they to be subject to a Section 106 agreement under the Town and Country Planning Act 1990 (as amended). These S.106 agreements would closely reflect the infrastructure needs arising from these proposals and be proportionate to the scale of the proposed scheme. The Council recognises that it does not need to secure CIL to deliver similar infrastructure items off-site to those secured via this mechanism and as such it may be reasonable to reduce the CIL charges accordingly. In these cases a 'nil' CIL would be appropriate reflecting both the cost and nature of infrastructure to be provided through this mechanism. We have identified that key items of infrastructure on these sites will not utilise CIL monies through our Regulation 123 list.

Question 2 - Do yo evidence on resident charging zones at lan	ial charging zones in	cluding the	introductio	n of 'nil'	Yes	No	Don't Know
Residential Charging	Zones – General (ex	cluding reti	rement hon	nes)	/		*

The Council's viability evidence suggests that a lower charging zone (£70 per square metre) should be introduced for land to the north of Hemel Hempstead (Highfield, Grovehill and Woodhall Farm wards) to reflect the lower viability of schemes within this part of the town. The Council has chosen not to pursue a lower charge at this stage, given the economic and social deprivation within these wards and the need for infrastructure improvements within them and having regards to the limited scope for infilling within these wards and the expected contribution that these schemes would make to the overall housing supply. The Council's viability evidence also indicates that land at Icknield Way, Tring (LA5) should have a reduced level of CIL applied on the grounds of viability in the current climate (from £150 per square metre to £140 per square metre). The site is not scheduled for delivery until 2021 and the report indicates that the housing market will substantially improve making the scheme viable at the higher level within this timescale. No reduction to the rate has been applied on this basis.

Question 6 - Do you agree that the	Councils approach to CIL will not	Yes
undermine the delivery of the Core Strate	egy as a whole?	No

PART C - PROCEDURAL ISSUES

Those making representations on the CIL Draft Charging Schedule have the right to be heard by the Examiner. The Examiner will assess the compliance and appropriateness of the CIL Draft Charging Schedule and its supporting documents.

Please indicate if you wish to attend the Public Examination	
Yes, I wish to attend the examination	
No, I do not wish to attend the examination	

A number of other milestones towards the adoption of the CIL Charging Schedule are identified below:

Please indicate if you wish to be notified of any of the following matters:		
That the Draft Charging Schedule has been submitted to the examiner in	Yes	/
accordance with Section 212 of the Planning Act 2008	No	
The publication of the recommendations of the examiner and the reasons for these	Yes	V
recommendations	No	
The approval of the Charging Schedule by Dacorum Borough Council	Yes	
	No
